## The Second Day of Our Autumn Exposition Thursday

I T WOULD seem the whole round earth were scarce large enough to draw upon for new Autumn Modes, so rich their theme, so varied their interpretations. Oriental imagery, British conservatism, French style instinct, Italy's romance, Greece's sense of the beautiful—these and more have contributed to the fashions on parade.

C OLORS, prismatic in their scope; Fabrics from sheerest chiffons to stiffest gorgeous brocatles; Fashions that have filehed their motifs from humble peasant dress and regal robes of state. Were proof needed of the vital place accorded woman in the scheme of things mundane, the Autumn Exposition brings evidence irrefutable.

### Fresh Gloves for Every Occasion

GAUNTLET, mousquetaire and strap styles, whether and strap styles, whether suede or glace, seem to have acquired unworded charms in the new Autumn numbers. Notably—Russia calf, cafe an lait and burnished gold as new color arrivals. Paris has sanctioned the gaundlet with the sleeveless frock provided pracelets in the required number are disposed at intervals above.

Autumn Exposition of New Modes

Captivatingly Smart SUITS; Practical and Dignified COATS; FROCKS of Dignified Simplicity; Pretty BLOUSES and Distinctive MILLINERY

Fashionable FOOT WEAR Dress Fabrics and Accessories

O the woman worldly wise in the ways of modes, there is one flaming truth to which she holds—"Personality is the soul of becoming dress." She knows herself first. Then she finds a multitude of ways in which to adapt these intriguing modes to her own individuality. Thus she achieves the so desired smart distinction in dress.

The Fashions of the new season are unfolding with bewildering diversity. Some are slim and straight; others are boutfant and flaring; all are beautiful; all are smart; all are becoming—to somebody. Your fascinating task is to find the garments that were designed for you, the style that is unmistakably yours—for it is here.

Every country and every age has contributed its treasures of the beautiful, from early Roman to modern America, Manipulated by clever fingers under the control of clever brains, these diversi-fied beauty secrets have become the high lights of the mode and the result is a pageant of Fashions far and away the most dazzling of any within our ken. For any hour of your twenty-four, or any mood of the most versatile nature—serious or frivolous, business or social, gay or demure—there is a costume to match, of flawless correctness and of quite indescribable charm.

In view of the present fashion trend, we venture to say that Madame—also Mademoiselle—will find, this season, wholly new and unexpected delights in the ancient and accustomed—and often prosaic—rite of appareling. A pleasure that is almost tinged with mystery is awaiting you at this Autumn Exposition of New Modes.

## 1000 Pairs Better Quality Corsets

Clearance Lines From a Prominent Maker

At \$2.95

Values to \$8.00

The stage is set.

1.000 pairs of high class Corsets, in a dozen or more styles, worth regularly to \$8.00, at \$2.95.

Not long ago our buyer was east. He called upon a well-known corset maker at a most propitious time. In fact, it was just at a time when this maker had decided to dispose of his odd lines (new models, of course) at a sharply lowered cost. There were about 1,000 pairs. Our buyer took them all.

They have corsets of the better kind, fashioned of pink and white brocades and plain coutil, in both back and front lace styles.

There are so many different models that practically every type of figure can be fitted. Sizes run from 20 to 31, but not in each line; there is a splendid assortment in each size.

The corsets have been arranged according to size and plainly placarded. You will be able to find your size immediately. Sale starts at 9 a.m. Thursday, and continues till 1,000 pairs are sold at \$2.95.
